# FARM BOYS NOTICE

## INCREASE YOUR EARNING POWER ON THE FARM

Cadet Battalion, University of Kentucky.

BY ATTENDING THE

### Short Course In Agriculture

AT THE

### College of Agriculture University of Kentucky

Course begins October 29 and ends March 1, thus  
avoiding the busiest seasons on the farm

Practical courses given in soils, crops, animal husbandry, poultry husbandry, control of insect pests and plant diseases, farm sanitation, diseases of live stock, dairying, farm management, horticulture and farm carpentry.

Scene on Kentucky Experiment Station Farm.

**A short course in Home Economics will be given  
January 2 to March 1**

in which instruction will be given in selection, cooking and balancing of foods; sewing, household management and household sanitation. Women attending this course will have the privilege, if they desire, of taking work in dairying, poultry raising, vegetable gardening and fruit growing and bacteriology.

All courses are open to men and women of all ages, without examination.
